

Chemistry

Student Perception Survey Semester 1

Name (Optional): _____

Class Title: _____ Period _____

1. Comment on the format of the class. Is there an appropriate mix of material (problem solving, lecture, labs, etc.)?
2. How does the reality of this class compare with your expectations from last year when signing up for the class? Were you given accurate information about the rigor of the class? Did last year's class prepare you for this class?
3. Comment on the accessibility of the instructor. Are you able to follow the lectures fairly well? Is help outside of class usually available?
4. Comment on the supplemental material used in the class (handouts, computer pretests, review sheets, Web site, etc.). Are they useful? What else would you like to see?
5. What advice would you give a student thinking about signing up for this class to help them be more successful?
6. What science class did you have last year? How does the difficulty level of this course (relative to the grade level) compare with the course you had last year? If you found the difficulty of the class extremely hard, please explain why (e.g. it's just the nature of the content, the teacher doesn't explain it very well, I'm not really "into" science, the algebra is too hard, etc.)
7. How useful has the textbook been? How is the readability compared to other science books you have used? How do you approach your learning of chemistry?

8. How has this class impacted your interest and/or knowledge of science in general, or chemistry in particular? Have your problem solving skills been strengthened?
9. What things, if any, do you feel you will want to do differently the second semester of the year?
10. How would you rank this class in terms of difficulty compared to other classes (especially in the sciences) you have had at this school?
11. Comment on things you enjoy or would like to see changed in this class.
12. Please use the area below for general comments you would like to make.

Quantifiable Questions:

- | | |
|--|---|
| <p>1. So far, this class has</p> <p><input type="checkbox"/> Exceeded my expectations</p> <p><input type="checkbox"/> Met my expectations</p> <p><input type="checkbox"/> Is below my expectations</p> | <p>6. I find the course content</p> <p><input type="checkbox"/> Interesting</p> <p><input type="checkbox"/> Somewhat interesting</p> <p><input type="checkbox"/> Fairly boring</p> |
| <p>2. I find the material</p> <p><input type="checkbox"/> Too easy</p> <p><input type="checkbox"/> Too hard</p> <p><input type="checkbox"/> Just right</p> | <p>7. I think this class will be</p> <p><input type="checkbox"/> Very beneficial for understanding science</p> <p><input type="checkbox"/> Somewhat beneficial for understanding science</p> <p><input type="checkbox"/> A waste of time</p> |
| <p>3. I find the instruction</p> <p><input type="checkbox"/> Extremely Clear</p> <p><input type="checkbox"/> Clear</p> <p><input type="checkbox"/> Fairly confusing</p> | <p>8. As far as recommending this class to other students, I would</p> <p><input type="checkbox"/> Recommend it enthusiastically</p> <p><input type="checkbox"/> Recommend it somewhat</p> <p><input type="checkbox"/> Not recommend it</p> |
| <p>4. I think that this class has</p> <p><input type="checkbox"/> Too many labs/activities and not enough lecture</p> <p><input type="checkbox"/> The right mix of labs/activities and lectures</p> <p><input type="checkbox"/> Not enough labs/activities and too many lectures</p> | <p>9. I find the pace of this class to be</p> <p><input type="checkbox"/> Too slow</p> <p><input type="checkbox"/> Just right</p> <p><input type="checkbox"/> Too fast</p> |
| <p>5. I find the supplemental material (handouts, web site, etc.)</p> <p><input type="checkbox"/> Extremely helpful in learning the material</p> <p><input type="checkbox"/> Somewhat helpful in learning the material</p> <p><input type="checkbox"/> Not very helpful in learning the material</p> | <p>10. I feel that the instructor</p> <p><input type="checkbox"/> Is very helpful and understanding</p> <p><input type="checkbox"/> Is somewhat helpful and understanding</p> <p><input type="checkbox"/> Is not very helpful and understanding</p> |

Thank you for taking the time to give your thoughtful, honest opinion.
